Career Objective

Entry-level Web Developer with strong skills in Python, Flask, and full-stack web development. Passionate about building scalable, user-friendly applications, exploring machine learning, and continuously enhancing my technical expertise to contribute effectively to team and organizational success.

Education

- Master of Computer Applications (MCA) — GLS University (2024 – Present)
- Bachelor of Computer Applications (BCA) — GLS University (2021 – 2024)
- Senior Secondary (12th, GSEB) — Hossana Mission Higher Secondary School (2021)
- Secondary (10th, GSEB) — Shriji English School (2019)

Projects

Schedule Manager Web App (June 2025)

Tech: *Flask, SQLite, SQLAlchemy, Bootstrap*

- Built a scheduling app with full CRUD features and reminders.
- Integrated email & SMS notifications using Flask-Mail.
- Designed a responsive UI with Bootstrap.

Anime Recommendation System (May 2025)

Tech: *Flask, Scikit-learn, Pandas, NumPy*

- Developed an anime recommender system using Cosine Similarity.
- Implemented a Flask interface for search & personalized suggestions.
- Processed dataset with Pandas/NumPy to improve accuracy.

Courier Service System (June 2023 – March 2024)

Tech: *HTML, CSS, JavaScript, PHP, MySQL*

- Built a web-based courier platform for placing and managing courier orders.
- Created full user interface including login/signup and order forms.
- Implemented authentication and admin dashboard for secure order management.
- Collaborated on payment module and backend logic integration.

Technical Skills

- Programming Languages: Python, JavaScript, SQL (Basic)
- Frameworks: Flask, Django (Basic)
- Web Development: HTML, CSS, JavaScript, Bootstrap
- Databases: MySQL, SQLite
- Libraries & Tools: Pandas, NumPy, Scikit-learn, Pickle (Basic ML Knowledge), Git

Certifications

- AWS: Solution Architecture Job Simulation — Forage (Jan 2025)
- J.P. Morgan Chase & Co.: Software Engineering Job Simulation — Forage (Apr 2025)

- Microsoft: Introduction to Generative AI (Apr 2025)
- Simplilearn (SkillUp): Introduction to SQL (May 2025)

Soft Skills

- Problem-solving & attention to detail
- Team collaboration & communication
- Continuous learning mindset
